

Krasnal

Private Kindergarten

Main features

Individual approach to each child

Education in the Krasnal kindergarten is based on an individual approach to each child, thanks to which the caregivers know the needs and interests of the child and help the child to discover their potential.

Collaboration with parents

Kindergarten works closely with parents, based on their needs and expectations. Parents participate in outdoor events, charity events, open classes, cultural meetings. Also, parents are asked to tell children about their professions, hobbies and interests.

Modern equipment and new educational material

Equipment, furniture, teaching aids, toys and a playground are constantly updated.

In kindergarten KRASNAL there are three departments:

Younger group for three-year-old children.

Medium group for four-year-old children.

Senior group for children 5 and 6 year.

Programs implemented in kindergarten:

The pre-school education program "From game to study", which is based on the game form of activity, and also aims to develop the physical, emotional, social and cognitive sphere.

"Children's Mathematics" aimed at the development of abilities for the study of mathematics in school.

The author's program of Anna Piechowskaya, aimed at interacting with the environment in the field of natural sciences.

The author's program of Magdalena Kubiak-Skrzynskaja, based on the use of music and movement in working with children.

The program of teaching English, aimed at learning the basics of English speaking.

The program "Little European" is aimed at familiarizing children with the countries of the European Union.

The program of speech therapy by Eva Kalinovskaya, aimed at eliminating speech defects in children.

Religious educational program "We are the children of God."

Ballroom dance program based on the world dance program, which includes disco and hip-hop dance, polka, English waltz, samba, cha-cha-cha, Viennese waltz, march, pom-pom dance.

In addition to the main classes, in the kindergarten additional classes are also held:

Rhythmic: singing, movement and dancing classes for all ages.

Ballroom dancing for children 4, 5 and 6 years.

Speech therapy for all children in need of therapy.

Religious lessons for children aged 5 and 6 years, implemented on the basis of the curriculum "We are children of God."

English language for children 3, 4, 5, 6 years old - training under the program "Playing with words".

Sensoplasty: classes for children with difficulties in obtaining sensory stimulus.

Robotics for children 5-6 years.
